CITY OF EL MONTE

**CONSOLIDATED ANNUAL PERFORMANCE
EVALUATION REPORT (CAPER)
FISCAL YEAR 2020-2021**

Submitted By:

CITY OF EL MONTE
Community and Economic Development Department
Housing Division
City Hall West
11333 Valley Boulevard
El Monte, CA 91731

Introduction

The City of El Monte's (City) FY 2020-2021 Consolidated Annual Performance Evaluation Report (CAPER) is the first year-end performance evaluation under the 2020-2024 Consolidated Plan. The CAPER discusses affordable housing outcomes, homelessness and special needs activities, non-housing community development activities, and other actions in furtherance of the City's Annual Action Plan Programs and Projects for Fiscal Year (FY) 2020-21 (July 1, 2020 to June 30, 2021). This document will be formatted using HUD's CAPER template, which will be submitted online through the Integrated Disbursement and Information System (IDIS).

The City receives Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) funds each year from the federal government to support housing, community development, and homeless activities that principally benefit low and moderate-income households. To receive these federal funds, the City must adopt a five-year strategic plan that identifies local needs and how these needs will be prioritized and addressed using these federal funds.

Strategic Plan Summary

The City's Consolidated Plan strategy includes general priorities to meet the needs of the community and the City's rationale for investment of federal funds. To address the needs, the City identified the following priorities as having the greatest need in the community:

1. Provide Decent Affordable Housing
2. Support Special Needs and Program Services
3. Infrastructure
4. Economic Development
5. Maintain and Promote Neighborhood Preservation

These priorities were formed based on the national objectives and outcomes supported by HUD, as described below.

National Objectives

- Provide decent, affordable housing. The activities typically found under this objective are designed to cover a wide range of housing possibilities under HOME and CDBG.

- Creating a suitable living environment. In general, this objective relates to activities designed to benefit communities, families, or individuals by addressing issues in their living environment.
- Creating economic opportunities. This objective applies to the types of activities related to economic development, commercial revitalization, or job creation.

National Objective Outcomes

The outcomes reflect what the grantee seeks to achieve by the funded activity. The City of El Monte associates the national objectives to these outcomes.

- Availability/Accessibility;
- Affordability; and
- Sustainability.

Summary

For Fiscal Year 2020-21, the City of El Monte had a total of \$4,848,057.88 in CDBG funds. This total amount was comprised of \$1,749,633 in Fiscal 2020-21 CDBG entitlement funds, \$2,419,343.54 in prior year allocated and unallocated CDBG funds carried forward, and \$689,081.34 in program income. CDBG funds were used for public services, CDBG administration, planned Section 108 loan repayments, owner-occupied rehabilitation, public facilities, infrastructure projects, business assistance, and fair housing services.

The City of El Monte also had \$2,380,824 in HOME Program funds comprised of FY 2020-21 allocation of \$683,879, program income of \$179,628, and a prior year balance of \$1,517,318. HOME funds were used for HOME administration and Neighborhood Legal Services.

In ESG funds El Monte had \$218,375; \$150,891 from the FY 2020-21 entitlement, and \$67,484 in prior year funds carried forward. ESG funds were used for ESG administration, Homeless Services, including Homelessness Prevention, Street Outreach, and Rapid Re-housing.

Finally, due to the COVID-19 Pandemic, HUD enabled additional CDBG economic support known as the Coronavirus Aid Relief and Economic Security ("CARES") Act, allowing grantees to reprogram existing or future CDBG funds as part of long-term social welfare and economic development recovery efforts. The City of El Monte received \$1,029,409 in Community Development Block Grant ("CDBG-CV1") funds and \$520,314 in Emergency Shelter Grant funds ("ESG-CV1") in Round 1. In Round 2, the City of El Monte received \$5,157,737 in Emergency Shelter Grant fund ("ESG-CV2). In Round 3, the City received \$988,776 in Community Development Block Grant ("CDBG-CV3). The City allocated some of the funds for public services,

including Food Banks, Food Distribution, and Emergency Rental Assistance. The City also continued the Business Grant Program, previously started in 2019/2020 in response to Covid-19 pandemic with CDBG-CV funding.

Based on the limited amount of federal and non-federal resources available for housing and community development projects and programs, the City addressed the needs of having a high priority level in FY 2020-21.

DRAFT

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 below illustrates the City's FY 2020-21 Annual Action Plan outcomes (based on defined units of measure) as it compares to the five-year Consolidated Plan aggregate (2020/21 – 2024-25).

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete

Support Special Needs Programs and Services	Non-Homeless Special Needs	ESG: \$79,823	Homelessness Prevention	Persons Assisted	0	0		100	0	0.00%

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Consistent with the City's Priority Needs outlined in the Consolidated Plan, the City allocates the largest share of its CDBG funding to housing and non-housing community development activities (public facilities, infrastructure, public services, Section 108 loan repayments, and rental and homeowner rehab programs), preceded by program administration funded by both CDBG and HOME. As previously mentioned, the Consolidated Plan five-year priorities for assistance with CDBG and HOME funds takes into consideration several factors such as 1) those households most in need of housing and community development assistance, as determined through the Consolidated Plan needs assessment, consultation, and public participation process; 2) which activities will best meet the needs of those identified households, and 3) the extent of other non-federal resources that can be utilized to leverage/match CDBG and HOME funds to address these needs.

Overall, the approved projects and programs in the FY 2020-21 Annual Action Plan assisted as many participants as possible with limited resources available. The City contributed about 65 percent of the maximum allowable for CDBG Public Services (15 percent of the annual allocation) and met or exceeded most of its public service goals.

Consistent with the Consolidated Plans' high priority to construct or upgrade public facilities and infrastructure, the City completed several capital improvement projects in FY 2020-21, including the Senior Center Re-roof, Fletcher Dog Park, Fletcher Playground, Mariposa Park Safety Wall, and Mt. View Restroom.

The development of affordable housing is also a high priority for El Monte. In FY 2019/20, the City approved a HOME allocation of \$2,000,000 for a project located at 3650 Center Ave, El Monte. The El Monte Metro Affordable Housing Project named "Plaza Ortiz Apartments" includes the construction of 25 rental units for low-income families. The City has partnered with the Cesar Chavez foundation with the pre-construction on the project, and in exchange for HOME funds, El Monte will receive twelve (12) units to be occupied by very low to low-income persons and families at restricted rents. This project is currently under construction with completion expected December 2021.

Another high priority in the City's Consolidated Plan is Economic Development. Due to COVID-19 pandemic, the City began offering one-time assistance up to \$10,000 grants to help businesses retain staff and continue to provide quality service to the residents of El Monte. In FY 2019/20

the City Assisted 42 business and in 2020/2021, 15 additional business where assisted. Due to the high demand and need to keep small businesses open that serve the community, the City allocated CDBG-CV funds to this program in 2020/2021. With CV funds, the city has assisted an additional 43 business, bringing the total of 100 small business assisted with this program.

In response to the Coronavirus Pandemic, the City designed an Emergency Rental Assistance Program, a Utility Assistance Program, a Food Distribution Program, and a Family Hot Meals Program. A total of 245 households were assisted with Rental Assistance (96), Food Distribution (112), and Utility Assistance (37). Through the Hot Meals Program a total of 812 meals were distributed.

As a reminder, results will vary from year to year, as many projects are implemented over multiple years. The outcomes for projects and programs underway will be included in the FY 2020-21 Consolidated Annual Performance and Evaluation Report (CAPER).

DRAFT

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME	ESG	TOTAL

American Indian or American Native and Black	0	0	TBD	TBD
Other Multi Racial	0	6	TBD	TBD
TOTAL	1,279	11	TBD	TBD
Hispanic	667	0	TBD	TBD
Not Hispanic	612	11	TBD	TBD

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

For Program Year 2020-21, the majority of the CDBG and HOME allocations were invested in community development and housing activities, such as infrastructure, facility improvements, public services, housing rehabilitation, administration, economic development, and affordable housing. ESG funds were invested in street outreach, rapid re-housing and homelessness prevention activities. As explained in the previous section, some economic development and affordable housing projects are still underway; therefore, the racial and ethnic composition shown above reflects projects and programs completed in FY 2020-21. To that end, TBD percent of participants were Hispanic, TBD percent were Asian, and TBD percent identified themselves as Other.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	HUD	\$4,858,057.88	\$2,052,844
HOME	HUD	\$2,380,825	\$135,805
ESG	HUD	\$218,375	\$98,793
Other – CDBG CV Funds	HUD	\$2,018,815 (\$1,029,409 CV1 + \$988,776 CV3)	\$1,297,453
Other – ESG CV Funds	HUD	\$5,678,051 (\$520,314 CV1 + \$5,175,737 CV2)	\$250,055

Table 3 - Resources Made Available

Narrative

During FY 2020-21, the City had \$7,447,257 in federal funding to address the goals and objectives of the FY 2020-21 Action Plan. Specifically, the CDBG entitlement amount for FY 2020-21 was \$1,749,633. Prior year unspent funds were \$2,419,343 and program income received was \$689,081 resulting in a total of \$4,848,057 for CDBG. HOME funding for FY 2020-21 was \$683,879 in entitlement, plus \$179,628 in program income, and \$1,517,318 in unspent prior year funds resulting in a total of \$2,380,825 for HOME. ESG resources in FY 2020-21 totaled \$218,375 comprised of an entitlement grant of \$150,891 and prior year unspent funds of \$67,484.

Other federal funding was awarded to the City due to the COVID-19 pandemic. The City of El Monte received \$1,029,409 in Community Development Block Grant (CDBG-CV1) funds and \$520,314 in Emergency Shelter Grant funds (ESG-CV1) in Round 1. In Round 2, the City of El Monte received \$5,157,737 in Emergency Shelter Grant fund (ESG-CV2) and in Round 3, the City of El Monte received \$988,776 in Community Development Block Grant (CDBG-CV3) funds for a total of \$2,018,815 in Other - CDBG-CV funds and \$6,707,460 in Other - ESG-CV funding.

Expenditures during the 2020-21 program year totaled \$2,287,443 from federal resources, which addressed the needs of extremely low, low, and moderate-income persons. CDBG expenditures of \$2,052,844 included projects and programs approved in FY 2020-21 and prior years. A total of \$135,805 in HOME expenditures were related to program administration, and ESG expenditures of \$98,793 consisted of homelessness prevention, rapid re-housing, and street outreach efforts.

Additionally, the City has total CDBG-CV expenditures of \$1,297,453 used for Public Services including Family Hot Meals, Emergency Rental Assistance, Business Grants, Shower Program partnership with the LA County, and Mt. View Food Bank partnership with Our Saviour Center; and a total of \$250,055 in ESG-CV funds used for Project Homekey.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Citywide	80 percent	20 percent	City Wide distribution of funding includes all special needs services that are income-eligible
Qualified Census Tracts	20 percent	80 percent	CDBG geographic distribution involves all activities within eligible census tracts.

Table 4 – Identify the geographic distribution and location of investments

Narrative

El Monte uses a place-based strategy. The geographic distribution of funding is predicated on the nature of the activity to be funded. It is the City's intent to fund activities in the areas most directly affected by the needs of low-income residents and those with other special needs. The area benefit category is the most commonly used national objective for activities that benefit residential neighborhoods. The City concentrates on projects that have the greatest impact on the community as a whole while meeting needs of the underserved. A few projects geared towards low- and moderate-income areas in the City, which are defined as block groups where at least 51 percent of the population have incomes not exceeding 80 percent of the Area Median Income. Investments and provisions of services serving special needs populations and primarily low- and moderate-income persons will be made throughout the City; however, housing assistance and housing acquisition will be available to income-qualified households citywide.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The ESG program requires an amount that equals the recipient's fiscal year grant as a matching requirement. To that end, the City partnered with Volunteers of America Los Angeles (VOALA) to

implement an effective homelessness prevention program using ESG funds. VOALA provided street outreach, rapid re-housing, and homelessness prevention for El Monte households who are homeless or at risk of becoming homeless. The ESG grant for FY 2020-21 totaled \$218,375, requiring a match of the same amount. The ESG match was met with additional resources secured by VOALA, including \$325,000 from the Los Angeles County Coordinated Entry System (CES) grant supporting rapid re-housing services for individuals, \$404,000 for rapid re-housing through a grant from the Los Angeles Community Development Commission (LACDC) Family Reunification Housing Subsidy Program, and \$273,082 for rapid re-housing through a grant from the LACDC Bringing Families Home Program.

Participation in the HOME program generally requires a 25% match on non-HOME funds for every HOME dollar spent. During FY 2020-21, HUD granted the City a 100% waiver of the match due to the City's high percentage of persons earning incomes that are below the poverty level.

While the City is currently exempt from a HOME match requirement, it did have publicly owned land/property within El Monte to help address housing needs identified in the City's Consolidated Plan and FY 2020-21 Annual Action Plan. Property located at 3650 Center Avenue, El Monte is the site of a new affordable housing project under construction, the El Monte Metro Affordable Housing Project. The project began development in FY 2020-21 with assistance from the HOME program.

Fiscal Year Summary – HOME Match

DRAFT

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

The City proposed to achieve these one-year accomplishments based on the goals and objectives established in the City's five-year Consolidated Plan Priority Needs as indicated in Table 11 and Table 12.

	One-Year Goal	Actual
Number of homeless households to be provided affordable housing units	00	00
Number of non-homeless households to be provided affordable housing units	55	0
Number of special-needs households to be provided affordable housing units	0	0
Total	55	0

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through rental assistance	0	0
Number of households supported through the production of new units	51	0
Number of households supported through the rehab of existing units	4	1
Number of households supported through the acquisition of existing units	0	0
Total	55	1

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City's one-year goals as outlined in the FY 2020-21 Annual Action Plan included the production of 55 new affordable rental units – with a for-profit housing developer with HOME funds. The project will be built in collaboration with the Cesar Chavez Foundation (developer) and the Los Angeles County Community Development Commission. The project is slated to include two four-story residential buildings totaling 55 units at 3650 Center Avenue, El Monte. The project consists of two separate functional, affordable rental housing elements utilizing 4% TCAC and 9% State CDLAC funding. The 4% project at Building A (Veterans North) will be constructed to the north of the subject site, will consist of 28 units that will be restricted under

HUD's Veteran Affairs Supportive Housing (VASH) program provided with PBVASH vouchers. The 9% project at Building B (Family South), constructed to the south of the subject site, will consist of 25 units and will be standard low-income housing tax credit (LIHTC) units for families. The City layered HOME funds in the amount of \$2,000,000 into the project.

The City's Annual Action Plan also proposed various CDBG-funded housing programs in FY 2020-21. For example, the City had a goal to assist five homeowners with down payment assistance; however, due to staff shortage, the City was not able to provide any assistance. Secondly, the City proposed to fund five owner-occupied housing rehabilitation grants and assisted 1 low income homeowner in FY 2020-21

The City allocated ESG funding to Volunteers of America to run a Rapid Re-housing Program in FY 2020-21. Volunteers of America assisted 38 households with this program. The City also allocated CDBG-CV funding for an Emergency Rental Assistance Program due to the COVID-19 Pandemic. This program initially assisted households financially impacted by COVID-19 with one-month rental assistance to help them stay in their rental units and maintain affordable housing, in FY 2020/21 the City increased the assistance to 3 months and implemented the utility assistance program that provided up to 6 months utility assistance not to exceed \$1,200.00. To date, the City has assisted 129 families with rental assistance and 37 families with utility assistance.

Discuss how these outcomes will impact future annual action plans.

The City began working with CHDO and developers to bring additional housing units to assist low income and homeless families or those at risk of homelessness. These projects will be included in 2021/2022 AAP.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Persons Served	CDBG Actual	HOME Actual
Extremely Low-income	0	0
Low-income	1	0
Moderate-income	0	0
Total	1	0

Table 13 – Number of Persons Served

Narrative Information

In FY 2020-21, the City assisted 1 low-income households with housing rehabilitation assistance from CDBG.

To address its worst-case housing needs related to housing overpayment, the City worked with several housing developers to create new affordable rental housing projects. The El Monte Metro Veterans and Family Affordable Housing Project is proposed to include a 53-unit large family development, half of which will be dedicated to veterans. The Tyler and Ramona Affordable Housing Project will boast 51 units of affordable rental units.

Finally, participation in HUDs Housing Choice Voucher Program also addressed lower income housing overpayment, with 134 El Monte households receiving assistance from the Baldwin Park Housing Authority (2021), and hundreds more from the Los Angeles County Housing Authority.

To address habitability issues, the City continued to offer rehabilitation assistance to owners to remediate substandard housing conditions and utilized its non-CDBG funded Code Enforcement Program to remove code deficiencies from residential properties.

Although disabled housing needs were not identified as a high priority in the 5-Year Consolidated Plan, the City recognized the importance of attempting to address their needs. The City has historically allocated a substantial amount of grant funds towards rehabilitation assistance programs that can be used to make interior improvements to housing for disabled persons. Through its Affordable Housing Development Program, the City also accommodates the disabled population through improvements to make rental housing more accessible. And lastly, several outside agencies such as the Neighborhood Legal Services of Los Angeles County, the Housing Rights Center, and the City's Parks, Recreation, and Community Services Department each provide much needed public services to the elderly, disabled and persons at risk of becoming homeless.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Homelessness is a critical issue for all jurisdictions throughout the San Gabriel Valley and the Los Angeles Metropolitan region. Every community has a homeless population, and providing adequate housing and services is a significant challenge. The individuals who are homeless are typically affected by a complex set of unmet social, economic, and housing needs. These needs may include affordable housing, stable employment, treatment of medical conditions, childcare assistance, credit history, adequate rental assistance, and treatment of substance abuse and/or mental illness.

In March 2017, Los Angeles County voters approved Measure H, a one-quarter percent special transactions and use tax on the gross receipts of any retailer from the sale of all personal property in the incorporated and unincorporated territory of the County. Proceeds from the tax, an estimated \$355 million over the next 10 years, will fund a variety of strategies to combat homelessness in the County, including funding mental health, substance abuse treatment, health care, education, job training, rental and housing subsidies, case management and services, emergency and affordable housing, transportation, outreach, prevention, and supportive services for homeless children, families, foster youth, veterans, battered women, seniors, disabled individuals, and other homeless adults, consistent with the strategies developed through the Homeless Initiative adopted by the Board, and as otherwise directed by the Board to address the causes and effects of homelessness.

In an effort by the Homeless Initiative to combat and prevent homelessness, the Los Angeles County Board of Supervisors allocated funding for a City Planning Grant opportunity to support the development of city-specific homeless plans. The development of a homeless plan is intended to help cities identify and better understand the needs related to homelessness within their boundaries.

In October 2017, the City of El Monte received an award of \$70,000, and on June 5, 2018, the El Monte City Council adopted the El Monte Plan to Prevent and Combat Homelessness.

The El Monte Plan to Prevent and Combat Homelessness was developed in a concerted effort with input from residents, businesses, service providers, elected officials, City staff, and LeSar

Development Consultants. The Plan serves as a reference for the City's future endeavors in the homeless crisis facing our City.

The City of El Monte is also coordinating with the San Gabriel Valley Council of Governments to ensure regional alignment and shared responsibility across jurisdictions on homelessness.

Finally, in FY 2020-21, the City partnered with Volunteers of America of Los Angeles (VOALA) to deliver a multi-faceted homeless outreach program through its Emergency Solutions Grant Program. ESG funds were used to deliver comprehensive street outreach services to 43 individuals/families.

Addressing the emergency shelter and transitional housing needs of homeless persons

According to the Plan to Prevent and Combat Homelessness, the Los Angeles Homeless Services Authority reported that the city of El Monte had 517 homeless persons in 2018; however, in 2019, El Monte's count went down and had a count of 428 persons. According to their new counts, in 2020, the El Monte count slightly increased and had 433 homeless persons. The 2020 homeless count of 433 comprises 75% unsheltered persons – persons found living on the streets, in makeshift shelters, or in their vehicles, such as cars, vans, and RVs – and 25% are sheltered in either an emergency shelter or transitional housing. Due to the Covid-19 pandemic, the homeless count for 2021 was canceled.

To address the emergency shelter and transitional housing needs of homeless persons in FY 2020-21, the City continued to proactively network with outside housing and service providers to meet its homeless population's needs. This included shelters and permanent supportive housing as well as outreach, prevention, and case management services through its non-profit and faith-based community partners.

The City funded its homelessness housing and services programs with ESG funding. For example, in 2020, the City partnered with Volunteers of America of Los Angeles (VOALA) for an ESG-funded multi-faceted street outreach, homelessness prevention, and rapid-housing program and assisted 215 persons through these efforts.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and

institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

In addition to using ESG funding to support VOALA's street outreach and homelessness prevention services, the City supported the CDBG-funded Fair Housing Program with the Housing Rights Center to provide a wide range of fair housing services to ensure equal housing opportunities for its residents.

Additionally, low-income or homeless individuals or families and those at-risk of homelessness had the opportunity to get connected to supportive services, treatments, public resources, and support groups through the Economic Development Department's Housing Division, the El Monte Police Department, the Parks, Recreation, and Community Services Department, and/or faith-based community partners such as Our Savior Center, Catholic Charities, Valley Community Church, and Calvary which provide a variety of services including emergency food and shelter, as well as health clinics.

Lastly, the Los Angeles County Board of Supervisors directed County Departments, the Los Angeles Homeless Services Authority, the Community Development Commission, Regional Planning, and Military and Veterans Affairs to discuss coordination of the discharge practices among County departments and enhancement of service integration for the benefit of at-risk and homeless persons. Through their efforts, this working group facilitated the development and implementation of discharge plans throughout the Los Angeles Continuum of Care (LA CoC). The City of El Monte continued to support LA CoC policies, ensuring that persons discharged from publicly funded institutions or systems of care are not discharged into homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In an ongoing effort to continue to address the needs of the homeless and those at risk of homelessness, the City partnered with experienced service providers capable of leveraging other funding, performing homelessness prevention and case management, and engaging the homeless through a street outreach component in order to better connect them to available services. The City's goal was to expand on current homeless programs and activities to assist

homeless persons and households with a successful transition toward self-sufficiency.

In FY 2020-21, the City provided ESG funds to Volunteers of America to conduct intake, assessment, and case management services. VOALA case managers conducted assessments of each homeless person (if willing) using the VI-SPDAT tool that addresses various issues. The case manager and client used the information from the VI-SPDAT to develop an individualized housing plan with the ultimate goal of helping the client find and retain permanent housing.

VOALA also assisted homeless persons with rapid re-housing search and placement services. VOALA has a database of more than 100 landlords and available housing listings. Staff assisted homeless clients with their housing search and move in. The average time it takes to enroll a client in permanent housing is approximately 30-45 days.

VOALA also provided financial assistance to eligible households with costs associated with security deposits, utility arrears, short-term rental assistance, and moving expenses. Based on past experience with homelessness prevention, VOALA provides assistance of about \$3,000 per household.

DRAFT

CR-30 - Public Housing 91.220(h); 91.320(j)

The City of El Monte does not have any public housing developments.

Actions taken to address the needs of public housing

Not applicable.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Not applicable.

Actions taken to provide assistance to troubled PHAs

Not applicable.

DRAFT

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

To address the decline in sources of housing funds, the City continued to advocate for and pursue federal, state, local, and private funding sources for affordable housing. Additionally, as part of the City's Housing Element update, the City must assess and, to the extent feasible, mitigate its governmental constraints to housing for lower and moderate-income households and persons with disabilities. The Housing Element addresses the City's provisions for affordable housing, emergency shelters, transitional housing, and supportive housing. The following objectives in the City's 2014-2021 Housing Element Implementation Plan specifically address the variety of regulatory and financial tools used by the City to remove barriers and facilitate the provision of affordable housing:

- Continue to approve conditional use permits, zone changes, general plan amendments, variances, and density bonuses as appropriate while balancing the goal of preserving established residential neighborhoods.
- Offer financial assistance, when funding sources are available, to make feasible the construction of affordable housing projects that address the City's community development and housing goals.
- Seek opportunities to leverage housing resources with those of for-profit groups, developers, and non-profit groups in the community; work with developers to submit grant applications for infill projects for the El Monte Gateway and other projects along the corridors.
- Work with developers to explore grant opportunities for infill projects for the El Monte Gateway and other projects along the corridors.
- Inform and encourage developers to utilize the density bonus program by promoting the program on the City's website and at City Hall, and by offering technical assistance at City Hall.
- Continue to allow mixed/multi-use housing by right along designated corridors and in the El Monte Gateway Specific Plan subject to conformance review with related development standards; retain the CUP requirement for multiple-family projects elsewhere in the City.
- Continue to monitor permit processing times and investigate ways to streamline the process. Prioritize the review of projects that include affordable housing units.

- Continue implementing the residential home loan program for single-family residences citywide and lead-based paint hazards inspections as part of the rehabilitation loan program.
- Support non-profit funding applications and conduct hearings to assist developers in obtaining funds for preservation.
- Continue to offer specific regulatory incentives throughout the planning period; apply for funding to encourage the development of units specifically for persons with developmental disabilities, when funding is available.
- Continue to monitor the inventory of sites appropriate to accommodate emergency shelters, SROs, and transitional and supportive housing and work with the appropriate organizations to ensure the needs of homeless and extremely low-income residents are met.
- Encourage the development of second units to provide lower-income households an affordable housing opportunity within single-family neighborhoods. Encourage the development of housing for large households through various activities such as outreach to housing developers, providing technical assistance, providing expedited processing, fee reductions, and waiving specific development standards.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City of El Monte has identified long-range strategies, activities, and funding sources to implement the goals in the areas of housing and community development services for the benefit of the residents.

- The City will continue to seek other resources and funding sources to address the biggest obstacle to meeting the community's underserved needs, which is the lack of funding and/or inadequate funding.
- The City will look for innovative and creative ways to make its delivery systems more comprehensive and continue existing partnerships with both for-profit and not-for-profit organizations.
- The City will use HOME and CDBG funds to concentrate on affordable rental housing, homebuyer, and homeowner rehabilitation programs.
- The City is currently addressing specific housing needs with federal funds such as availability, condition, and fair housing practices to prevent homelessness.
- The City is also addressing community development needs with federal funds such as

improving public infrastructure and facilities and providing public services.

- The City is working with surrounding jurisdictions on a regional approach to meeting the underserved needs.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

As a means of better protecting children and families against lead poisoning, in 1999, HUD instituted revised lead-based paint regulations focused on the following five activities:

- Notification
- Lead Hazard Evaluation
- Lead Hazard Reduction
- Ongoing Maintenance
- Response to Children with Environmental Intervention Blood Lead Level

The City has implemented HUD Lead-Based Paint Regulations (Title X), which requires federally funded rehabilitation projects to address lead hazards. Lead poisoning education and abatement efforts in El Monte are provided through the Los Angeles County Public Health Department's cooperative efforts. Lead-based paint abatement is part of the City's Housing Rehabilitation Program, Homeowner's Assistance Program, and the Acquisition/Rehabilitation/New Construction of Affordable Rental Housing Program. Units within rental housing projects selected for rehabilitation are tested if not statutorily exempt. Elimination or encapsulation remedies are implemented if lead is detected and is paid for by either the developer of the project or with CDBG or HOME funds, as appropriate.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

El Monte's strategy to arrest poverty in the community is closely aligned with the overall affordable housing plan's goals and objectives. These goals include reducing poverty, create new and affordable housing, develop and promote services for at-risk populations, expand job training, and provide public and social services.

Based on the Consolidated Plan's Needs Assessment and available resources for Program Year 2020-21, the City allocated available resources (CDBG and ESG) to support public service programs to benefit low- to moderate-income residents. The City supported service providers and community-based organizations that provide community enrichment programming, affordable housing, case management services, and the development of life skills and self-

sufficiency. These actions were achieved by:

- Allocating CDBG entitlement funds for public services to lower-income households.
- Supporting homeless outreach via the City's contract with Volunteers of America of Los Angeles (VOALA).

The City also complied with Section 3 of the Housing and Community Development Act, which helps foster local economic development and individual self-sufficiency. This set of regulations require that, to the greatest extent feasible, the City will provide job training, employment, and contracting opportunities for low or very low-income residents in connection with housing and public construction projects.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

As the recipient of CDBG and HOME funds, the City has delegated the Economic Development Department – Housing Division to be the lead department responsible for HUD grants' overall administration. In that regard, the Division has prepared the Consolidated Plan and Analysis of Impediments to Fair Housing Choice every five years, drafted the Annual Action Plan and CAPER, and all other reports required by federal rules and regulations.

The City has worked with non-profit agencies, for-profit developers, advocacy groups, clubs, organizations, neighborhood leadership groups, City departments, and the private sector to implement the City's five-year strategy to address priority needs outlined in the Consolidated Plan for Fiscal Years 2015-2020. Among these groups were:

- California Community Foundation
- East San Gabriel Valley (ESGV) Coalition for the Homeless
- Volunteers of America
- El Monte - South El Monte Emergency Resources Association
- Housing Authority of Los Angeles County
- Housing Rights Center
- Neighborhood Legal Services

Engaging the community and stakeholders in delivering services and programs for the benefit of low- to moderate-income residents was also vital in overcoming gaps in service delivery. The City has utilized public notices, Community Workshops and Meetings (as appropriate), the City's

website, and other forms of media to deliver information on carrying out the Consolidated Plan strategies.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

In an ongoing effort to bridge the gap of various programs and activities, the City has developed partnerships and collaborations with local service providers and City departments that have been instrumental in meeting the needs and demands of the homeless, low-income individuals and families, and other special needs. The array of partners includes but is not limited to the Rio Hondo Community Development Corporation, San Gabriel Valley Consortium on Homelessness, California Community Foundation, Community Building Initiative Task Force, and San Gabriel Valley Housing and Homeless Coordinating Council. During FY 2020-21, the City continued to develop and utilize these partnerships.

Identify actions taken to overcome the effects of any impediments identified in the jurisdiction's analysis of impediments to fair housing choice. 91.520(a)

The City conducted an Analysis of Impediments to Fair Housing Choice in January 2017. The main impediments discussed in the report are the following:

1. Lack of affordable housing options in El Monte;
2. Lack of awareness of fair housing laws; and
3. Housing discrimination.

The City of El Monte contracts with the Housing Rights Center (HRC) to implement the actions below to overcome the effects of the impediments identified in the Analysis of Impediments to Fair Housing Choice.

- Housing Rights Workshops – HRC hosted Fair Housing Rights Workshops in El Monte. These workshops included a comprehensive fair housing presentation, a discussion about common forms of housing discrimination, and a question-and-answer session. At these presentations, HRC distributed agency literature to which participants can refer when specific issues arise.
- Development and Distribution of Materials – HRC developed and distributed multi-lingual literature in the city, aimed at various audiences, describing how housing injustices arise,

the laws that protect against housing discrimination, and ways to prevent housing inequality. Depending on the audience, these materials were available in other languages. Materials were distributed during neighborhood visits and via mailings throughout the city.

- Community Booths – HRC regularly staffed booths at community festivals, apartment owner association events, college events, and other events as they occur. The agency used eye-catching poster boards and banners to help draw attendees to their booths.
- Fair Housing Presentations – HRC provided a free clinic every month in the city of El Monte. Presentations were conducted in a variety of languages most used by El Monte residents. These presentations entailed an overview of fair housing laws, common forms of housing discrimination, and a question-and-answer session.
- Property Management and Landlord Training – HRC held monthly Fair Housing Certification Training seminars for housing industry professionals. These seminars were tailored to provide detailed analysis of fair housing laws and interpretation, with specific information on discrimination against families with children, people with disabilities, sexual harassment, hate crimes, and advertising.
- Media – HRC used all media tools available to publicize fair housing and HRC's services. HRC contacted local media outlets and requested that they publish or air public service announcements ("PSA's") about fair housing laws and HRC's free services.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City's Economic Development Department - Housing Division is responsible for ensuring that the receipt and expenditure of HUD funds comply with program requirements by monitoring program performance. El Monte will follow monitoring procedures identified in the City's Subrecipient Monitoring Plan created in 2013 and updated in 2016. Formal monitoring sessions are conducted once a year, typically at the end of the program year. Below is an overview of the City of El Monte's monitoring standards.

The overall purpose of the Housing Divisions' monitoring program ensures funded subrecipient programs comply with federal regulations, program guidelines, and the ability to meet stated goals and objectives to serve the community. These goals include the following monitoring objectives:

- To determine if a subrecipient is carrying out its community development program and its activities, as described in the application for assistance and the Subrecipient Agreement.
- To determine if a subrecipient is carrying out its activities promptly, according to the schedule included in the Agreement.
- To determine if a subrecipient is charging costs to the project which are eligible under applicable laws and CPD program regulations and reasonable in light of the services or products delivered.
- To determine if a subrecipient is conducting its activities with adequate control over the program and financial performance and in a way that minimizes opportunities for waste, mismanagement, fraud, and abuse.
- To assess if the subrecipient has continuing capacity to carry out the approved project, as well as other grants for which it might apply.
- To identify potential problem areas and to assist the subrecipient in complying with applicable laws and regulations.
- To help subrecipient in resolving compliance issues through discussion, negotiation, and the provisions of technical assistance and training.
- To provide adequate follow-up measures to ensure that subrecipients correct their performance and enforcement deficiencies, and do not repeat them.

- To comply with the federal monitoring requirements of 24 CFR 85.40, and as well as program-specific regulations.
- To determine if any conflicts of interest exist in the operations of the CPD program.
- To ensure that required records are maintained to demonstrate compliance with applicable regulations.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Pursuant to 24 CFR Part 91, the City solicits public review and comments on the draft 2020-2021 Consolidated Annual Performance and Evaluation Report (CAPER). The public review period is 15 days (September 30, 2021 to October 15, 2021). A public hearing to accept the CAPER will held on **October 19, 2021**. As of printing this publication, **No public comments were received.**

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The City of El Monte did not make any changes to its program objectives during FY 2020-21.

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

Not applicable.

DRAFT

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

El Monte monitors HOME-assisted affordable rental housing to determine compliance with the housing codes and other applicable regulations. HOME funded rental projects are subject to several rules designed to ensure that the rental housing produced with HOME funds is affordable to low- and very-low-income households at the time it is first developed and sometime thereafter. To ensure compliance with the HOME regulations, the Housing Division conducts annual inspections of investor-owned rental properties assisted with HOME funds to ensure compliance with the local health and safety code. Self-verification forms are also collected from tenants, documenting their household income and their monthly rent and utility payments.

The City contracted with a consultant to complete inspections and monitoring of all the properties below in 2020-2021. Any and all housing deficiencies were noted and brought back up to compliance with local health and safety codes. Rent and income eligibility was also monitored, and technical assistance provided, where needed.

- Telacu - El Cantu (El Monte Senior Housing) 3843 Maxson Road - 2 units
- Rio Hondo Community Development Housing 11332 & 11332 1/2 Coffield Ave. - 2 units
- Rio Hondo Community Development Housing 3850 Penn Mar St. - 18 units
- Rio Hondo Community Development Housing 4400, 4402, 4406 Maxson Rd. - 3 units
- Blessed Rock of El Monte (Senior Housing) 4111 Tyler Ave. - 42 units
- Ramona Property Managers 3537 & 3541 Meeker Ave. - 2 units
- Ramona Property Managers 11338 McGirk St. - 1 unit
- Singing Woods 10124 Valley Blvd. - 11 units
- Rio Hondo Community Development Housing 11154 Bonwood St. - 4 units
- Tyler Court 3348 Tyler Ave. - 11 units
- The Exchange at Gateway 10562 Santa Fe Drive - 11 units
- Veterans Village 11240 Ramona Ave. - 10 units

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

The City's HOME-assisted affordable rental housing projects include a review of Affirmative Marketing Plans of all affordable rental housing developments and an assessment of the owner's adherence to the plan and marketing practices. For new construction and rehabilitation of rental project activities, the City requires the owner/developer to have an Affirmative Marketing Plan prior to any lease-up activities.

Additionally, recipients of HOME Program funds are required to use affirmative fair marketing practices to inform the public, owners, and potential tenants about the federal fair housing laws. The City assesses the owners' affirmative marketing efforts receiving HOME funds during rent-up and marketing of the units by the use of a compliance certification and/or personal monitoring visit to the project as required by regulations.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

El Monte received a total of \$179,628 in HOME program income in FY 2020-21. Consistent with HUD regulations, the City will draw down program income before requesting funds from the HOME letter of credit.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

The development of new and preservation of existing affordable housing is a high priority in El Monte. City staff worked on the deal points associated with the El Monte Metro Veteran and Family Affordable Housing Project. The project will be built in collaboration with the Cesar Chavez Foundation (developer) and the Los Angeles County Community Development Commission. The project will include two four-story residential buildings totaling 53 units at 3650 Center Avenue, El Monte. The project consists of two separate functional, affordable rental housing elements utilizing 4% TCAC and 9% State CDLAC funding. The 4% project at Building A (Veterans North) will be constructed to the north of the subject site, will consist of 28 units that will be restricted under HUD's Veteran Affairs Supportive Housing (VASH) program provided with PBVASH

vouchers. The 9% project at Building B (Family South), constructed to the south of the subject site, will consist of 25 units and will be standard low-income housing tax credit (LIHTC) units for families. The City proposed to layer HOME funds in the amount of \$2,000,000 into the project and has included this allocation in its FY 2019/2020 Annual Action Plan. Twelve units will be HOME-restricted when complete.

Finally, The City is also in the process of negotiating a new project, with the CHDO Neighborhood Housing Partners (NHP) for first time homebuyer opportunities. The City anticipates signing an agreement with NHP in FY 2021/2022.
